

Accessibility Statement

Berkeley Nucleonics Corporation is committed to ensuring digital accessibility for people with disabilities. We are continually improving the user experience for everyone, and applying the relevant accessibility standards.

CONFORMANCE STATUS

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA.

Berkeley Nucleonics Corporation is partially conformant with **WCAG 2.1 Level AA**.

Some color contrasts required for Level AA compliance are not met by the logo and branding of the Berkeley Nucleonics website. Level AAA requires strict adherence to color contrast for text. Almost all colored text fails, and this compliance level is typically reserved for specialist sites designed to address specific accessibility requirements.

We welcome your feedback on the accessibility of the Berkeley Nucleonics Website. Please let us know if you encounter accessibility barriers at info@berkeleynucleonics.com.
